ORT AMERICA MICHIGAN REGION DIRECTOR Nicole Muchnick

ORT HELPS MICHIGAN

In Michigan's weakened economy, ORT's initiatives are more critical than ever. Everyone knows someone who has been affected by the economic downturn. Many professionals and stay-at-home spouses (*your friends, your neighbors, your family*) find themselves searching for work for the first time in many years.

Many who are unemployed or need to re-enter the workforce lack the necessary skills for today's marketplace.

That's where ORT – and **YOU** – can help.

The **David B. Hermelin ORT Resource Center** and its **Better Job Opportunities (BJO)** program – just one of the many initiatives that ORT America supports – offers hope to Michigan's unemployed. Located in the D. Dan and Betty Kahn Building at the Jewish Community Center in West Bloomfield, Hermelin ORT offers a two-day-a-week, 12-week certification course in the computer programs essential for employment. Eligibility is based on need and is open to all. Students in the BJO program range from 18 to 70, and come from all over southeastern Michigan. In addition to providing computer training, Hermelin ORT provides meals, babysitting services, a gas allowance, and assistance with resumes and interviewing protocol for all students.

Upon completing the BJO program, many Hermelin ORT students find meaningful and self-sustaining work. Others are working with ORT's valued partner, JVS, to find jobs.

The BJO program is **completely funded by donations to ORT and provided at no charge to its students.** Courses run year-round, day and night, and yet individuals have to wait **4-6 months** to get a spot in a class.

Your financial support could enable ORT to add instructors, equipment, and more classes to meet this demand.

Since 1880, ORT's mission has been to enrich communities through education by providing at-risk populations with practical and marketable job skills, social services assistance, and financial support. World ORT's network of 800 schools, colleges and programs, spread throughout 63 countries, enables 300,000 students of all ages to become productive citizens and lead their families forward. ORT America is dedicated to helping people help themselves.

To learn more about ORT programs around the world, please visit www.ortamerica.org

Proceeds from the Rub-a-Dub Fundraiser will support ORT students around the world, including those here in Michigan.

*1/3 of your donation will go directly to
the Hermelin ORT Resource Center.*
